NY Party Radio Boise going virtual.

Brainstorming around what can we do, where can we go?

Creating an event worth paying a cover charge for is the problem.

Platform needed...how to avoid trolling and internet static?

Encouraging more participation also online auction component

Entertainment can still happen, lots of options.

Auction can happen and perhaps take a telethon look

Overall, thinks it can be a success and can be an option in the future.

Donation dates: First week of November
